Storage tanks (without clean certificate)	Health and Safety requirements. Environmental hazard
Asbestos	Health and Safety requirements.

The vendor agrees not to supply prohibited materials to Sell and Parker. If prohibited materials are supplied to Sell and Parker then the vendor is liable for the cost of the removal and disposal of the materials. If the supply of prohibited material results in damage to Sell and Parker infrastructure or equipment, or injury to site personnel or visitors, then the vendor may be liable for these and consequential costs and prosecution.

The vendor acknowledges that the prohibiting of certain materials protects Sell and Parker employees, visitors and neighbours from the health and safety consequences that may occur if these materials were received or processed on site.

It is the responsibility of the vendor to unload all scrap delivered on a vendor vehicle in a safe manner. Sell and Parker will only assist the vendor to unload scrap if asked to do so. Sell and Parker may use machinery to unload scrap metal from vehicles.

The use of machinery may cause damage to vehicles. Sell and Parker and/or its employees, contractors or agents will not be held liable for any damage caused to vehicles while being unloaded. If you are concerned about these risks, you must refuse Sell and Parker's assistance. Sell and Parker reserves the right to refuse to assist with the unloading of a vendor vehicle.

I have read, understand and agree to the above terms and conditions.
